

A Public Agency

SHOREWAY OPERATIONS AND CONTRACT MANAGEMENT

STAFF REPORT

To: SBWMA Board Members

From: Farouk Fakira, Finance Manager

Hilary Gans, Sr. Operations & Contracts Manager

Date: September 28, 2017 SBWMA Board of Directors Meeting

Subject: Resolution Approving 2018 South Bay Recycling Compensation Application

Recommendation

Staff recommends the Board approve of Resolution 2017-34 attached hereto authorizing the following action:

Approval of 2017 South Bay Recycling (SBR) Compensation Application. Exhibit A contains the SBWMA
 <u>Final</u> Report - Review of 2017 South Bay Recycling Compensation Application for Board consideration.

Summary

The SBWMA has reviewed the SBR 2018 Compensation Application and SBR has modified the application as necessary to address comments and concerns. Staff has verified that the Compensation Application is complete and meets the requirements of the Facility Operations Agreement. The Total Compensation for SBR in 2018 is recommended to be \$18,505,703 which is \$358,984 (1.9%) higher than in 2017.

Analysis

<u>Total Compensation for SBR in 2018 is recommended to be \$18,505,703 which is \$358,984 (1.9%) higher than in 2017</u>. Notable variances include: 1) an increase in non-CBA Labor (VRS) of 5.7% effecting the MRF service element, and 2) a scheduled reduction in Interest Expense that is -26.5% lower than prior year. **Table 1** provides

Fable 1													
2017 Payment/Ton vs. 2018 Payment/Ton													
South Bay Recycling		20	17		Adjustment		2018

SBWMA BOD PACKET 09/28/2017

a summary of the specific dollar amounts of the major elements impacting the increase in SBR 2018 compensation.

(Note: the total costs shown in the above table are for illustration purposes and that the actual payment to SBR is based on the approved payment per ton times the actual number of tons received at the Shoreway facility).

Background

Each year, the SBR Compensation Application is brought forward to the TAC and Board simultaneously with the Recology San Mateo County (RSMC) report.

On July 1, 2017 SBR submitted a 2018 Compensation Application to the SBWMA as required under the Shoreway Operations Agreement (Article 7.12 prescribes the process by which this application is reviewed and the company's compensation is approved). The SBWMA staff reviewed the SBR 2018 Compensation Application for completeness, accuracy and consistency and issued a SBWMA <u>Draft</u> Report Review of 2017 South Bay Recycling Compensation Application on August 15th. The SBWMA staff requested that Member Agencies provide input on the Daft Report by August 26th. No comments were received Member Agencies and no changes were made to the Compensation Application.

Rate Setting and Approval Process

It is important to note that the approved compensation for SBR will be part of the 2018 Shoreway tip fees to be charged at the Shoreway facility. (The Shoreway tip fees are based on all the SBWMA operating costs that include SBR's compensation, off-site disposal and processing expense, fees paid to San Carlos, and SBWMA program budget, less commodity revenue). SBWMA operating cost, based on Shoreway tipping fees, are included as a pass-through expense in the calculation of each Member Agency's total Collection Revenue Requirement (shown as "Disposal and Processing Fees" the SBWMA Report Reviewing the 2018 Recology San Mateo County Compensation Application) for setting solid waste collection rates.

Fiscal Impact

The SBR 2018 Compensation Application indicates that the company's Total Compensation will increase by \$358,984 or 1.9% over prior year (compared to last year's adjustment of -1.8%). Details of SBR compensation can be found in Exhibit A: SBWMA Report - Review of 2018 South Bay Recycling Compensation Application.

A Public Agency

RESOLUTION NO. 2017-34

RESOLUTION OF THE SOUTH BAYSIDE WASTE MANAGEMENT AUTHORITY BOARD OF DIRECTORS APPROVING 2018 SOUTH BAY RECYCLING COMPENSATION APPLICATION

WHEREAS, The South Bayside Waste Management Authority (SBWMA) prepared and issued to the SBWMA Board of Director's on August 15, 2017 the SBWMA <u>Draft</u> Report on Review of 2018 South Bay Recycling (SBR) Compensation Application (Report); and

WHEREAS, SBWMA staff requested Board Member and Member Agency review of a Draft Report concurrent with review of the Draft Report on 2018 RSMC Compensation Application and requested comments, questions and concerns to be submitted by August 26, 2017; and

WHEREAS, SBWMA revised the Draft Report based on any comments received from Board Members and Member Agencies and additional information provided by SBR and issued the <u>Final</u> Report (**Exhibit A**) to the Board of Directors; and

WHEREAS, the Final Report recommends adjustments to SBR's compensation from its 2017 base costs to 2018.

NOW, **THEREFORE BE IT RESOLVED** that the South Bayside Waste Management Authority hereby approves the SBWMA <u>Final</u> Report on Review of 2018 South Bay Recycling Compensation Application.

PASSED AND ADOPTED by the Board of Directors of the South Bayside Waste Management Authority, County of San Mateo, State of California on the 28th day of September, 2017, by the following vote:

Agency	Yes	No	Abstain	Absent	Agency	Yes	No	Abstain	Absent
Atherton					Menlo Park				
Belmont					Redwood City				
Burlingame					San Carlos				
East Palo Alto					San Mateo				
Foster City					County of San Mateo				
Hillsborough					West Bay Sanitary Dist.				

I HEREBY CERTIFY that the foregoing Resolution No. <u>2017-34</u> was duly and regularly adopted at a regular meeting of the South Bayside Waste Management Authority on <u>September 28, 2017</u>.

SBWMA REVIEW OF SBR'S 2018 COMPENSATION ADJUSTMENT APPLICATION

SUMMARY

The 2018 Shoreway Tip Fees are the basis for setting the Shoreway Pass-Through expenses that become part of the Total Collection expense and Revenue Requirement for each Member Agency upon which it sets its solid waste rates for 2018. The compensation paid to South Bay Recycling (SBR) for operations of the Shoreway Facility are a component of the Shoreway Tip Fee. After review of SBR's Compensation Adjustment Application, the Total Compensation for SBR in 2018 is recommended to be \$18,505,703 which is \$358,984 (1.9%) higher than in 2017.

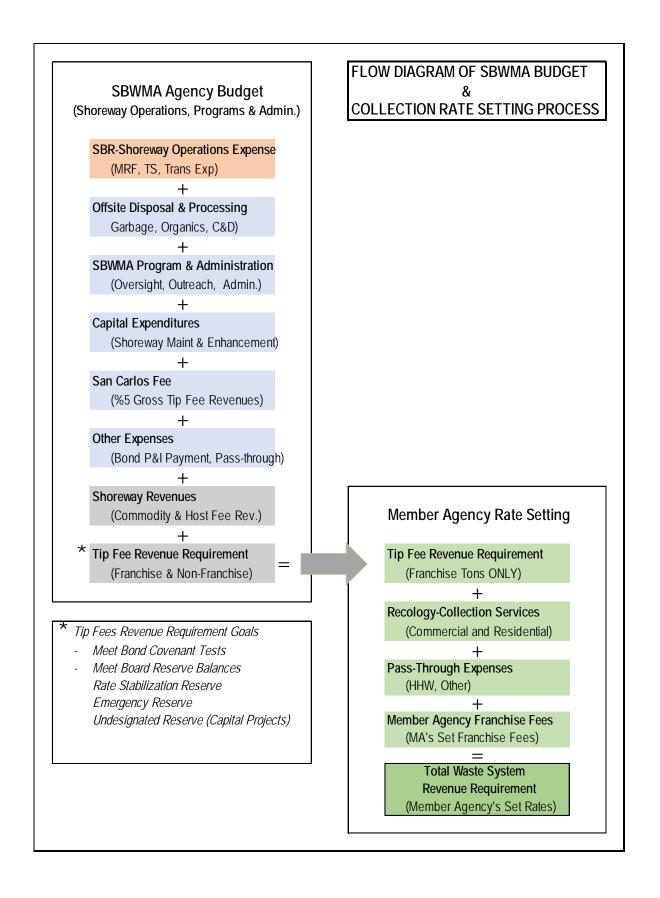

SECTION 1. OVERVIEW

A. Shoreway Operations Agreement Terms

South Bay Recycling, LLC (SBR) was selected as the facility operator on April 23, 2009, and a final Shoreway Operations Agreement ("Agreement") was approved by the Board on July 23, 2009. Article 7 and Attachments 13-A and B of the Agreement prescribe that the SBWMA is responsible for conducting the annual review and analysis of SBR's compensation application due by July 1st each year. The SBWMA is charged with performing a thorough review to ensure the application is complete and follows the prescribed compensation adjustment methodology in the Operations Agreement to arrive at the recommended 2018 fees per ton contained in this report. This rate application provides the basis for adjusting SBR's approved fees (SBR is paid monthly based on the approved fees per ton times the actual number of tons processed and transported at Shoreway).

B. Calculation of Total Collection Revenue Requirement

The approved 2018 compensation for SBR will be bundled with all other SBWMA operating budget expenses (e.g., disposal expense, franchise fees paid to the City of San Carlos, debt service, SBWMA program budget, etc.) to set the 2018 Shoreway Tip Fees. The 2018 Shoreway Tip Fees are the basis for setting the Shoreway Pass-Through expenses that become part of the Collection expense and the total Revenue Requirement for each Member Agency upon which solid waste rates for 2018 are set. (These costs are described in detail in Other Pass-Through Costs" in the 2018 Recology Draft Rate Report and are the result of the Shoreway tipping fees charged on the solid waste and organics tons delivered to Shoreway throughout the year). The Flow Diagram of SBWMA Budget and Collection Rate Setting Process on the following page shows how the SBR-Shoreway Operations Expense (tan color) serves as the starting point for computing the Total Waste System Revenue Requirement that forms the basis for the Member Agency Rate Setting process.

C. Description of SBR Fees and Service Elements

The process for adjusting SBR's compensation are detailed in the Operations Agreement in Article 7.03 and Attachment 13-A of the Agreement,

SBR's compensation includes three core services elements that are paid on a per-ton basis:

Transfer Station Processing

Recyclable Materials Processing

Transportation to Disposal and Processing Sites

The fees for the above service elements are each comprised of distinct cost components:

- A. Labor Costs
- B. Fuel and Power Costs
- C. Depreciation Cost
- D. Other Operating and Maintenance Costs

The above cost components have the following subcomponents:

- A. Labor Costs
 - Wages for CBA labor (*index*)
 - Benefits for CBA labor (index)
 - Workers' compensation insurance (CBA labor) (index)
 - Payroll taxes (CBA labor) (*non-index*)
 - Outside contracted workers from third-party sources (VRS) (*index*)
- B. Fuel and Power Costs
 - Electricity (based on actuals/non-index)
 - Fuel (*index*)
- C. Depreciation Cost (no adjustment)
- D. Other Operating and Maintenance Costs (*index*)
 - Wages and benefits for non-CBA employees
 - Wages and benefits for CBA clerical
 - Repair and maintenance expenses
 - Equipment rental expenses
 - Other vehicle-related expenses (e.g. licensing, taxes)
 - Insurance, safety and claims
 - Other general & administrative expense

D. Compensation Adjustment Process

A major goal for the Shoreway Operations Contractor selection process concluded in 2010 to make the contractor's compensation adjustment process more predictable and transparent. This cost adjustment methodology is the basis for SBR's Rate Application submittal and the SBWMA staff's subsequent review to ensure accuracy and consistency with the requirements of the Operations Agreement. The compensation adjustment process uses the approved 2017 fees paid to SBR as the basis for adjustment to the new 2018 fees. As detailed in the Agreement, the adjustment process for the 2017 Fees structure is illustrated in following chart. (Article 7.05 and Attachment 13-A of the Operations Agreement prescribes a detailed cost adjustment methodology that ties most of the cost adjustments to standard indexes (i.e., CPI).

SBWMA - C	SBWMA - CONTRACTOR COST ADJUSTMENT PROCESS											
BASE COST - 2017		ADJUSTMENT		2018 CONTRACTORS COMPENSATION								
CBA: TS/MRF, Mechanics, Drivers, & Clerical (wages and benefits)	+	Index	=	Base plus Adjustment								
Other Cost	+	Index	=	Base plus Adjustment								
Power	+	Blend of actual PG&E rate & ISH Solar rate	=	Base plus Adjustment								
Depreciation	+	No Change	=	Last Year's Depreciation								
Profit	+	Based on operating ratio in Proposal	=	Base plus Adjustment								
Pass-Through Cost												
Interest		Interest is fixed on sliding scale based on final capital cost		Annual Interest Expense per Interest Schedule								
Other		Actual cost reimbursed (i.e., Buyback payments, new regulatory fees, etc.)		Actual Cost								
Total Base Conpensation	+	Total of Above	=	Total of Above								

Commodity Revenue Sharing

A portion of SBR's compensation comes from the sale of commodities through the "Commodity Revenue Share" program where the commodity revenues from the recyclable materials processed at the Shoreway MRF are split between SBWMA and SBR: in the Commodity Revenue Share program, SBR receives a minority share of the MRF commodity revenues as an incentive to maintain high recovery and obtain the best commodity sales prices. In year 2017, the Commodity Revenue Share to SBR was 28% and while the SBWMA retained 72% of the commodity sales revenue above the Revenue Guarantee. As a result of SBR's continued good performance in maintaining low MRF residue (the MRF residue rate remained at 7%), SBR is again eligible for a 28% share of commodity sales revenue (see Article 7.07 of the Agreement - Residue-Reduction Incentive Program).

Note: the actual value of the revenue share is not shown in this report, since it is based on the actual tonnage and commodity revenue for the full-year of 2016. Hence, an estimate is used in the SBWMA Annual Budget and calendar year projections.

SECTION 2. SBR 2017 COMPENSATION APPLICATION

A. Analysis of SBR 2018 Compensation Application

SBWMA staff conducted the review of the Compensation Application submitted by SBR and worked closely with the company to ensure that questions and concerns were answered. Their application was modified as necessary to

SBWMA REVIEW OF SBR'S 2018 COMPENSATION ADJUSTMENT APPLICATION

address any changes. Staff has verified that the SBR Compensation Application is complete and meets the requirements of the Operations Agreement. As shown in **Table 1**. below, <u>Total Compensation for SBR in 2018 is recommended to be \$18,505,703 which is \$358,984 **(1.9%) higher** than in 2017.</u>

Table 1												
2017 Payment/Ton vs. 2018 Payment/Ton												
South Bay Recycling		20	17		Adjustment		20	18				
Operating Cost	•	Total Cost	Pa	ayment/Ton	%		Total Cost	Payr	nent/Ton			
Transfer Station	\$	4,621,962	\$	12.92	1.9%	\$	4,711,763	\$	13.17			
Recyclable Materials Processing, net of Residue	\$	6,411,997	\$	91.41	2.9%	\$	6,601,206	\$	94.06			
Transport (cost/ton-mile)	\$	6,156,049	\$	1.02	1.9%	\$	6,270,908	\$	1.04			
Transport (cost/ton)		-	\$	17.21	1.9%		-	\$	17.53			
Total Operating Cost	\$	17,190,007			2.3%	\$	17,583,876					
Contractor Pass-Through Costs												
Total Interest	\$	131,712			-26.5%	\$	96,827					
Construction Management	\$	-				\$	-					
Interim Operations	\$	-				\$	-					
Buyback Payments Estimate	\$	825,000			0.0%	\$	825,000					
Total Contractor Pass-Through Cost	\$	956,712			-3.6%	\$	921,827					
Total Compensation	\$	18,146,719			1.9%	\$	18,505,703					
Note: Buyback payments have been changed to reflect cu	urre	ct payment amo	unt	- 2017 total ther	efore will not tie	to la	st year's Rate R	eport.T	otal			

Note: Buyback payments have been changed to reflect currect payment amount - 2017 total therefore will not tie to last year's Rate Report. Total Operating Cost shown in the table are estimated since costs are based on actual tons delivered to Shoreway throughout the year.

B. Description of 2018 Compensation Adjustments

Costs in the SBR Compensation Application are adjusted primarily based on changes in indexes. (The specific results of the index and non-index-based cost adjustments for 2018 are presented in **Table 2** on the following page).

Cost categories are adjusted based on the following criteria:

- Labor Cost (CBA for Operators, Mechanics, Drivers, and Clerical) adjusted by CPI index (U.S.
 Department of Labor, Bureau of Labor Statistics, Private Industry Employment Cost Index for Service-Producing Industries (seasonally adjusted, total compensation, series # cis201s000000000i).
- *Power Cost* adjusted based on the actual change in power rates
- Fuel Cost adjusted by a fuel index. (U.S. Department of Labor, Bureau of Labor Statistics, Producer Price Index - Commodity Index for #2 diesel fuel (not seasonally adjusted, fuels and related products and power, series# wpu057303).
- Other Operating Costs various indices such as CPI (U.S. Department of Labor, Bureau of Labor Statistics, Consumer Price Index – All Urban Consumers, U.S. city average (not seasonally adjusted, all items, base period: 1982-84=100, series# cuur0000sa).
- Depreciation Cost not adjusted
- Interest Expense based on fixed schedule

Labor Cost Adjustment

CBA wage and benefits are adjusted based on changes to the CPI index. The Labor Cost component represents the largest cost component in SBR's compensation.

SBWMA REVIEW OF SBR'S 2018 COMPENSATION ADJUSTMENT APPLICATION

Pass-Through Costs

Pass-through costs are not subject to profit but are reimbursed to SBR at actual cost. The pass-through costs in the Facility Operations Agreement (Article 7.09) are as follows:

- Payments to buyback customers for purchase of recyclables are a pass-through expense. (Actual buyback payments to public customers will be reimbursed monthly in arrears).
- Changes to regulatory fees quality as pass-through costs.
- Interest expense on allowed capital (paid to SBR monthly at one-twelfth of the annual interest expense
 denoted in Attachment 13A, Interest Cost Form 3-M which schedules-out interest expense for the ten-year
 life of the contract on a sliding scale). The annual interest expense for 2018 is \$96,827, a reduction of
 \$34,885 (26.6%) from 2017. The reduction in interest is based on lower asset values resulting from a
 deprecation schedule established at the start of SBR's service contract.

		Results of Co	st Adjustments
Cost Component	Adjustment	Basis	Description
Labor - (all CBAs)			
Wages	2.28%	Index	CBA wages compensation adjustment based on index change.
Benefits	2.28%	Index	CBA benefits compensation adjustment based on indechange.
Worker's Comp Insurance	1.78%	Index	Workers compensation adjustment based on index change.
Payroll Tax	2.28%	Wages & tax rate change	The payroll tax rate changes with any changes in federal or state payroll tax rates.
VRS Labor non-CBA	1.78%	Index	Non-CBA (VRS) compensation adjustment based on index change.
Power	2.72%	PG&E & Solar Rates	Power is adjusted by the blend of actual PG&E electricity rates and the Solar Power rate.
Fuel	-0.3%	Index	Fuel expense is adjusted by the actual change in the fuel index.
Depreciation	0.0%	n/a	There is no adjustment to depreciation.
			Other O&M expense includes non-CBA personnel, maintenance parts, insurance, general office expense, safetly, etc. Other O&M expense is adjusted by 80% or
Other O&M	1.72%	Index	an index.

The cost components are adjusted from prior year . For all four CBA contracts and non-CBA costs, various indexes are used to adjust cost.

SECTION 3. SBR PER TON FEE ADJUSTMENTS FOR 2018

After review of the SBR Compensation Adjustment Application, staff recommends the following Fees (shown in **Table 1**, previous page) be paid to SBR on a per-ton basis for 2018:

o Transfer Station Processing Fee. The 2018 Transfer Station fee is \$13.17 per ton.

- MRF Processing Fee. The 2018 MRF Processing fee is \$94.06 per ton (note the Contractor pays for MRF residue transportation and disposal which is deducted from MRF Processing Fee resulting in an *Estimated Net MRF Processing Fee*).
- <u>Transportation Fee.</u> There are multiple transportation fees for each material type (i.e., solid waste, inerts, construction and demolition, and organics) and for each destination. The average 2018 Transportation Fee is \$1.04 per ton mile which is 1.9% increase over prior year (the transportation rate detail for each material type and destination are presented in the **Appendix A** SBR Compensation Adjustment Application Worksheets).

STAFF REPORT

To: SBWMA Board Members

From: Hilary Gans, Sr. Operation & Contracts Manger
Date: September 28, 2017 Board of Directors Meeting
Subject: Fire Restoration & Fire Hazard Mitigation Planning

Recommendation

This item is for discussion purposes only and no Board action is required.

Analysis

Fire Restoration & Cost Recovery

Transfer Station conveyor replacement -

A new MRF residue transfer conveyor was installed in September by BHS. This conveyor transports MRF residue to the transfer station for disposal and while it was non-operational residue was shuttled by roll-off trucks between buildings. Hanover has already reimbursed the SBWMA ~\$250,000 for BHS the conveyor. This is the last remaining fire restoration item to be completed.

<u>Cost reconciliation with Hannover</u> Insurance - With the replacement of the residue conveyor the last and final item in the Hanover insurance claim/fire restoration scope-of-work has been completed. Staff is meeting with the fire restoration team to close-out all remaining issues and reconcile the remaining balances. Hanover has been very cooperative in this process and there appears to be no issue with reconciling the estimated \$200,000 restoration balance due.

Fire Incidents & Insurance

Staff has met and toured the Shoreway facility with inspectors from CNA Insurance – the Agency's new primary insurer for the equipment portion of the policy coverage. There were no areas of concern noted by the inspectors and they appreciated the multiple-layers of fire prevention and suppression that have been installed at Shoreway.

Fire prevention / battery hazard planning

<u>Installation of additional fire suppression at MRF</u> – In August, staff coordinated the installation of eight additional fire sprinklers into the areas of the MRF equipment where the September 2016 fire occurred. This was a lengthy process that required: a flow capacity analysis of the existing fire sprinkler system;

SBWMA BOD PACKET 09/28/2017 AGENDA ITEM: 10B - p1

project design, scope, and specification development; bidding; permitting; installation; and testing. Additionally, 4 new hose reels were installed in the MRF to supplement fire-fighting capabilities.

<u>Fire Rover System</u> – Staff has been researching and brought a fire suppression system technology to the Board's attention at the January Board meeting manufactured by Fire Rover Systems. At that time, Staff had vetted the technology but had not yet negotiated a contract with the company. Despite continued effort over the past several months, Agency staff and legal counsel were unable to successfully negotiate contract language that provides terms typical of SBWMA agreements. Agency staff and legal council will

continue to negotiate with Fire Rover in hopes of finding resolution and will research other options that might provide a similar type of protection.

<u>Battery Hazard Research</u> - Staff, with the support of RRS Consulting, has been researching the hazard posed by Lithium Ion Batteries in the waste stream. There is consensus opinion that the MRF fire was started by a lithium ion (LI) battery explosion and there is great concern that the presence of these batteries at the MRF and transfer station pose an imminent and continuous fire risk. The research effort has focused on:

- 1. Developing foundational information about the quantity of LI batteries present in the recycling stream
- 2. Determine how they are entering the waste stream, and
- <u>3.</u> understand the fire incidence at other MRFs around the country resulting from LI batteries.

RRS Consulting is preparing a report that addresses these questions and will be presenting findings and recommendations to the TAC on October 26th and to the Board on November 16th. In addition to the ongoing research, RRS has assisted staff in preparation of the following deliverables:

- o Battery summit stakeholder meeting, June 13&14
- o Battery data collection at MRF, May-July
- o Survey of stakeholders & Industry, May-August
- o Lithium Ion Battery Risk to MRF's Webinar, September 14

Background

Fires occurred at the MRF and transfer station in September 2016. The combined damage & restoration work cost totaled over \$8M and has taken one-year to complete. Prior to these fires, SBWMA staff, SBR and Recology were working mitigate the risk posed by LI batteries and enhance fire detection & suppression capabilities at Shoreway. Lithium Ion battery explosions have been identified as an imminent and ongoing fire hazard and the agency is developing a plan and action steps to mitigate this hazard.

Fiscal Impact

There is no fiscal impact.
